RIVERSIDE 24/7

Want 24/7 access to health and wellness?

Beginning Tuesday, September 6th, the Racine Family YMCA is launching a new membership add-on that offers **24/7**, year-round access to our Riverside Branch to our active adult members!

RIVERSIDE
24/7

How it Works:

- For a \$10 yearly fee, adult members 18 and over can enroll for **24/7** Wellness Center access at our Riverside Branch at 141 Main Street, Racine. This branch is protected by our advanced security system.
- Members can enroll at the Riverside or Mount Pleasant branch Welcome Desks. Members will be required to sign a waiver. Approved members' Membership Cards will be activated to serve as their unique after-hours access key to the facility. To enter, scan your Membership Card to enter the building.
- **24/7** access is for Racine Family YMCA members only. It is not available for group memberships, state or nationwide reciprocity.
- **24/7** access is available at all times the facility is closed, including holidays. During normal Racine Family YMCA business hours you will be required to access the facility through the main doors. Upon closing, you use the main entrance using your programmed Membership card.
- Members with **24/7** access must not allow access to others, even if the individual is a Racine Family YMCA member or someone known and trusted. Granting access to another individual will result in termination of **24/7** access and potential termination of Y membership. Any access to the Riverside Branch after hours without approved 24/7 membership will be considered a trespass.

For more information about 24/7 access, please stop by one of our Welcome Desks, call us at 262.634.1994, scan the QR code or visit our [Riverside 24/7 Access](https://ymcaracine.org/riverside-24-7-access) page at ymcaracine.org.

No classes Thanksgiving Day, Thursday, November 24

If there are fewer than three children registered, class can be held only if the participants are willing to pay the semi-private fee. Whenever possible, classes will be combined to accommodate your preferred schedule. Students must have swim teacher’s approval to move up to the next level. Classes are not pro-rated. Swim class make-ups are for medical reasons only.

PARENT/TODDLER LESSONS (Ages 6–36 months)
introductory swimming skills and safety precautions pre-Location: Instructional and Lap Pools. Water comfort and swimming skills taught through a variety of fun activities. Parents and children will be guided through paring them for classes without the aid of a parent.

PRESCHOOL SWIM LESSONS (Ages 3–5 years)
Location: Instructional and Lap Pools. This program offers children their first experience in the pool without a parent, made possible through a variety of fun activities and games. Classes provide a step-by-step progression of swimming and water safety without the aid of a flotation device, designed to adequately prepare your child for the youth program. Student/Instructor ratio will not exceed 6 to 1. All preschool classes are 30 minutes in length.

SCHOOL AGE SWIM LESSONS (Ages 6–12 years)
Location: Lap Pool – Children learn the fundamentals of swimming and water safety with increased stroke development and endurance as levels increase. Classes will not exceed an 8 to 1 student/instructor ratio. All classes are 45 minutes in length and taught in the Lap Pool. The prerequisite for each level is successful demonstration of the sills taught in the preceding level. Beginners start at Stage 1, which has no prerequisite.

STAGE DESCRIPTIONS

SWIM STARTERS

Accompanied by a parent, infants and toddlers learn to be comfortable in the water and develop swim readiness skills through fun and confidence-building experiences, while parents learn about water safety, drowning prevention and the importance of supervision.

A / WATER DISCOVERY

Parents accompany children in Stage A, which introduces infants and toddlers to the aquatic environment through exploration and encourages them to enjoy themselves while learning about the water.

B / WATER EXPLORATION

In Stage B, parents work with their children to explore body positions, floating, blowing bubbles and fundamental safety and aquatic skills.

SWIM BASICS

Students learn personal water safety and achieve basic swimming competency by learning two benchmark skills:

- Swim, float, swim—sequencing front glide, roll, back float, roll, front glide and exit
- Jump, push, turn, grab

1 / WATER ACCLIMATION

Students develop comfort with underwater exploration and learn to safely exit in the event of falling into a body of water in Stage 1. This stage lays the foundation that allows for a student's future progress in swimming.

2 / WATER MOVEMENT

In Stage 2, students focus on body position and control, directional change and forward movement in the water while also continuing to practice how to safely exit in the event of falling into a body of water.

3 / WATER STAMINA

In Stage 3, students learn how to swim to safety from a longer distance than in previous stages in the event of falling into a body of water. This stage also introduces rhythmic breathing and integrated arm and leg action.

SWIM STROKES

Having mastered the fundamentals, students learn additional water safety skills and build stroke technique, developing skills that prevent chronic disease, increase social-emotional and cognitive well-being and foster a lifetime of physical activity.

4 / STROKE INTRODUCTION

Students in Stage 4 develop stroke technique in front crawl and back crawl and learn the breaststroke kick and butterfly kick. Water safety is reinforced through treading water and elementary backstroke.

5 / STROKE DEVELOPMENT

Students in Stage 5 work on stroke technique and learn all major competitive strokes. The emphasis on water safety continues through treading water and sidestroke.

6 / STROKE MECHANICS

In Stage 6, students refine stroke technique on all major competitive strokes, learn about competitive swimming and discover how to incorporate swimming into a healthy lifestyle.

YOUTH/ADULT SPORTS

CHARACTER FIRST, COMPETITION SECOND

The youth sports program at the Y has four goals regardless of the skill level of each child: skill improvement, knowledge growth, character development and most importantly FUN! An instructional program focused on giving children an equal opportunity to improve game fundamentals, game knowledge, sportsmanship, teamwork and appropriate competition. Levels may be combined or divided based on enrollment.

YOUTH BASKETBALL LEAGUE

The Youth Basketball league will give your child the opportunity to develop tactics and fundamentals through coaching and game play. Games are held Saturdays for **Sophomore, Junior and Senior** divisions. Come join the fun! All athletes will receive a team t-shirt.

Mites and Mighty Mites will meet on Sunday evenings for an instructional practice followed by a game. Participants will receive the same color shirts and scrimmages will be played round robin style every week. Our goal is to provide children the proper fundamentals and techniques to grow as basketball players and teammates.

Fall league starts November 5/6 and runs through December 17/18. No games the weekend after Thanksgiving.

TRX is a total body resistance exercise that uses a suspension training system, making it possible for you to use your own body weight and gravity for an effective workout. Participants can customize the difficulty of their workout by making simple adjustments to the TRX system. Small Group Training offers individual attention by a certified personal trainer.

TRX Fusion: Mon 9:30-10:30am or Fri 5:00-6:00am TRX 30 Thu 8:30-9:00am or Fri 8:00-8:30am

SPORTS & AGILITY TRAINING

There are many benefits of speed and agility training, including an increase in athleticism, confidence and improvement of fitness levels. The workouts improve acceleration, deceleration, foot speed, quickness and change of direction. If you want to get better at a sport you must develop your overall athleticism. Building an athletic foundation and motor skills is key and gives you the base to build your sport-specific skills in a balanced way. For first time sport players or veteran athletes it provides the opportunity to get faster, stronger and more skilled without risking overuse injuries due to using the same motions.

SPECIALTY TRAINING

PRE & POST REHAB TRAINING

An injury can have a dramatic effect on the quality of life. Recovery from injury or surgery can present a number of challenges that may take a physical, mental and emotional toll. The pre-rehab training will prepare you for your upcoming surgery. The post-rehab program provides a continuation of healing for individuals recovering from musculoskeletal injuries, after discharge from rehabilitative services and will assist you in returning to not only your normal daily activities but also to help you meet any fitness or sports goals. Your Physical Therapist will work directly with your certified Personal Trainer to relay the history of your injury or surgery and physical therapy as well as ensure appropriate exercise progression.

Program fee includes an eight-week program consisting of 12 visits with a certified personal trainer. Two 45-minute sessions per week during the first four weeks. One 45-minute session per week for the second four weeks. Sessions include warm up, land or water program and cool down/stretch. **Fees: \$350 members/General Public \$450**

EMOTIONAL WELLNESS

FAMILY SERVICE YMCA OUTPATIENT MENTAL HEALTH CLINIC

Your health is important. And overall health includes emotional wellness!

Did you know that the Racine Family YMCA has an outpatient mental health clinic? Family Service of Racine joined the Y in 2020 to become our emotional wellness branch. Located at 420 Seventh Street in Racine, our Family Service YMCA Outpatient Mental Health Clinic offers behavioral, social, emotional and mental health services such as counseling for individuals and families, anger management classes, psychoeducational groups, substance abuse counseling, parenting workshops and educational courses to educate and promote mental health and wellness.

If you are experiencing stress, anxiety, mood changes, are dealing with a physical or emotional health challenge of your own or a loved one, or could use an unbiased person to talk through situations in your life, please contact us. Our licensed therapists want the best for you and will provide confidential counseling to help improve the quality of your emotional life.

We accept most types of insurance coverage and private pay.

We also offer in person and virtual sessions. Please call 262.634.2391 to learn more about our services and to make an appointment. Your better life awaits!

MEET OUR FAMILY SERVICE TEAM!

Emily Lock, LCSW, Family Service Outpatient Clinic Director and Vice President of Family Development and Wellness. Emily joined the Racine YMCA in April 2021 to revitalize mental health services in the Racine community. She oversees daily operations at the Y's Family Service branch and provides clinical therapist, staff and intern supervision and develops community emotional wellness collaborations throughout Racine County.

Emily has worked in private practice, medical settings and not-for-profit clinics as a social worker in the local community, treating adolescents, young adults and their families for more than 20 years, and has practiced as a licensed clinical social worker and psychotherapist for the past 12 years.

During the therapy process, she assists clients in discovery of their strengths, building support systems and developing healthy lifestyles to set the foundations for life success. She also incorporates clients' spiritual beliefs into the treatment protocol to holistically address their needs. Emily uses a variety of therapeutic modalities to customize treatment approaches for every individual and family she serves.

Emily received her Bachelor of Art in Community Leadership and Development from Alverno College and her Masters Degree in Social Work with emphasis on Children and Families from Loyola University.

Emily has lived in the Racine community for over thirty years, has a young adult daughter who is a talented artist and advocate, a boyfriend who was a good friend for over 20 years before realizing he was the love of her life, and several very eccentric and goofy pets. Emily is grateful to have a career that allows her to treat those in need with dignity, respect and honor.

Brittany Harris, Office Manager. Brittany coordinates schedules for most of our therapists and supervised visitation team. She manages clinic billing and insurance authorizations and coordinates internal and external services that help the clinic thrive and grow.

Before joining the Racine Family YMCA, Brittany worked as a special education assistant in the Cudahy public school district. She has just completed her Master's Degree in Psychology (July 2022). At that time she plans to join the Clinic staff at the Family Service Outpatient Mental Health Clinic as a psychotherapist.

Jennifer Dubey, SAC, Psychotherapist. Jennifer is a State of Wisconsin-licensed Substance Abuse Counselor in the process of transitioning to a Clinical Substance Abuse Counselor. She holds an Associates of Applied Science for a Human Services Associates Degree, and a Certificate for Alcohol and Other Drug Abuse (AODA) from Gateway Technical College. She is also certified in Moral Recognition Therapy (MRT). Her experience in Medication Assisted Treatment counseling inspires her combined approach in using various behavioral therapeutic modalities to provide a "whole patient" approach to the treatment of dual diagnosis and the family systems therapy of treating addiction.

Yolanda Saffold, Psychotherapist. Yolanda received her Bachelor of Arts in Political Science with a Law Concentration and Sociology and Master's of Social Work Program with Arizona State University. Overcoming adversity and working through trauma related stressors are what drives her to remain resilient and focused on providing therapeutic relief for those aspiring to be free of traumas. Her therapeutic delivery is guided through a person-centered approach rooted in finding solutions to better the mind. In combination with humor, mindfulness, and a strength-based perspective she wants to continue building the bridge of internal and external healing.

Kim Jones, Safe Exchange/Supervised Visitation Worker. Kim has an Associates Degree in Human Services from Gateway Technical College, as well as certifications in Alcohol and Other Drug Use and Child Welfare. Kim is the oldest of four daughters, therefore used to having to be more objective than subjective, which is of great benefit as a supervised visitation worker. Kim enjoys learning about child development and the different ways they express themselves throughout their development, and this has helped Kim in her success in professional and personal life.

Terri Wallow, Clinical Substance Abuse Counselor. Terri is a State of Wisconsin-licensed Clinical Substance Abuse Counselor with a Bachelor's degree in Psychology, currently working toward her Master's degree in Social Work. She obtained her certifications for alcohol and other drug abuse treatment and in aspects of disability, gerontology and child welfare at Gateway Technical College and bachelor's degree from Upper Iowa University. She has worked with many dually diagnosed individuals, those who find themselves at halfway houses or within the D.O.C system, as well as those on medication either for mental health or addiction. She has worked with clients of all ages and diverse backgrounds, helping those dealing with relationship or family issues or trauma and loss.
